University of Maryland School of Medicine Master of Public Health Program

Notice of Withdrawal from Program

Students who wish to withdraw from the MPH Program must submit a Withdrawal from Program form. Students who officially withdraw before the beginning of the academic term will have no record of that term on their transcripts. Students who officially withdraw after the semester begins will receive the appropriate grades and tuition refunds depending on the date the withdrawal form is postmarked or received (whichever comes first). Students who withdraw during a semester and do not submit the required form will receive grades of F in all courses and will forfeit the right to any refund that they would otherwise receive.

STUDENT NAME			STUDENT ID @
