RE: Program #9504

Previous Accreditation Status: 8 Years

Most Recent Site Visit: 05/2018

Dear Dr. O'Malley:

After review of the requested interim report, the continuing accreditation status of the certificate medical dosimetry program sponsored by the University of Maryland Medical Center was considered at the January 24, 2023 meeting of the Joint Review Committee on Education in Radiologic Technology (JRCERT). The JRCERT is the only agency recognized by the United States Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry. Specialized accreditation awarded by the JRCERT offers institutions significant value by providing peer evaluation and by assuring the public of quality professional education in the radiologic sciences. The program was evaluated according to the **Standards for an Accredited Educational Program in Medical Dosimetry (2021)**. The program documents compliance with all relevant Standards; therefore, the JRCERT awards:

MAINTENANCE OF ACCREDITATION FOR A PERIOD OF EIGHT YEARS.

The next site visit is tentatively scheduled for the Second Quarter of 2026.

The program is advised to revise the pregnancy policy as declared pregnant students may continue in the program without modification.

Consistent with JRCERT Policy 11.500, the JRCERT has determined that program officials would benefit from a JRCERT-sponsored Outcomes Assessment Workshop. Documentation of the program director and/or clinical coordinator's attendance at an Outcomes Assessment Workshop must be submitted no later than **January 24, 2024**. A complete listing of dates and locations for all JRCERT-sponsored seminars and workshops is available at www.jrcert.org/events.

The program is also advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits of accredited programs. The sponsoring institution would be responsible for the expenses of any on-site evaluation.

Bert O'Malley, M.D.

The Joint Review Committee on Education in Radiologic Technology Directors and staff congratulate you and the program faculty for maintaining the maximum award of accreditation from the JRCERT and wish you continuing success in your efforts to provide a quality educational program. If we can be of further assistance, do not hesitate to contact the office.

Sincerely,

Julia L. Lasley, Ph.D., R.T.(R)(T)
Chair
