Description: According to the Robert Wood Johnson Foundation, Health Equity means increasing opportunities for everyone to live the healthiest life possible, no matter who we are, where we live, or how much money we make. This Health Equity Journal Club serves as a venue to build and strengthen community-academic partnerships in addressing health disparities through the sharing of existing knowledge and co-creation of new knowledge across generations and disciplines.

Open to everyone, particularly for those

- Individuals with biomedical sciences background
- New to the field of health disparities
- Faculty interested in starting health disparities research
